Good Afternoon WoodRock Residents

VUMA is happy to inform you that the construction process is running smoothly. We are currently still busy trenching in 7 blocks and civilly completed in 3 blocks.

We have entered into the reinstatement phase of the build. If you have any issues please don't hesitate to contact us. We are aware of outstanding grass and tar that needs to be done. VUMA goes through 3 vigorous quality checks before signing off a block and we reassure you that we will reinstate driveways and sidewalks back to their original condition.
