Notes

They grabbed her, tied her up with a keyholder and robbed her off a pair of takkies, school bag and unknown items in the house. The client Mr Frank Sebregts reported checking for more possible missing items in the house. On further investigation, it was discovered that as the suspects were seen by the domestic worker Zodwa at about 06:50 in the morning trying to break the wooden poles and they ran away after she pressed the panic and B75 responded, but could not find them due to big grass behind the premise. The suspects later came back and broke the pieces of wooden wall. Once inside the property they proceeded into the main house where they found the domestic worker Zodwa busy cleaning dishes in the kitchen. Mr Sebregts suspected that the suspects were coming back for the safe as they went straight to his bedroom. He owned a handgun and few air guns. No one was reported injured. SAPS informed, Constable Mnisi and Constable Vaghi arrived on scene driving a marked SAPS vehicle registration number BTZ 407 B and a case of house robbery was registered.
