

WARD 106 BRANCH COMMUNICATION 29 August 2017

To all Ward 106 residents

I would like to take this opportunity to introduce myself as your elected Johannesburg Metropolitan Ward Councillor, Chris Santana. I am also the head of the Ward Committee with its 10 portfolios of elected voluntary members and the DA political head of the DA Ward 106 Branch Structure.

Ward 106 stretches from Olivewood in the West to Woodmead in the East, approximately 22 km. The following suburbs or parts thereof fall under Ward 106:

Olivedale / Jukskei Park / Douglasdale / Norscot / Epsom Downs / Bryanston / Bryanston East / Klevehill Park / Petervale / Rivonia / Seidenberg / The Woodlands / Khyber Rock / Woodmead.

Map of Ward 106

So, a little more about me: I am 46 years old, live in the Fourways area, have an accounting background and I was previously councillor for Ward 115. I have been a councillor for the past four years, active in all aspects of the council administration including being a full member serving on the Group Finance Portfolio Oversight Committee.

I am committed to dealing with on the ground ward problems that arise on a day-to-day basis, provided due protocol has been followed:

- Your issue has been reported to the City of Johannesburg;
- A reference number has been obtained;
- Reasonable time lapse for service delivery has been given as stipulated in the Customer Service Charter

Furthermore, as the Councillor for Ward 106 I intend to make myself available throughout the 4 Voting Districts within the ward, at least once a month. Our most recent public meeting took place at Norscot Manor in Douglasdale on 16 August 2017 where we had a fantastic turnout and several issues were discussed in detail.

Dates of upcoming public meetings will be communicated in due course and I look forward to meeting with you.

Best Wishes

Chris Santana
