

WOODROCK - FIBRE-TO-HOME UPDATE 23rd September 2016.

Good Afternoon Woodmead Khyber Rock,

VUMA is happy to announce that the construction process is going smoothly and quickly. We are coming briskly coming to the end of the Woodrock build. We would like to thank all the residents for your patience and understanding shown throughout the rollout of this exciting fibre to the home project.

Reinstatement Sweep

VUMA would like to resolve all issues in the area and we ask that you please send any reinstatement concerns that you may have. You can do this by using the following channels:

ISP's & Packages

Have a look at the various internet service providers we have on our network and their packages by [clicking here!](#) Did you know that our ISP's offer some of the cheapest packages on the market? You could be connected with high-speed broadband connectivity for as little as R424 per month!

Please take note that some of our ISP's do cover the installation. **What are you waiting for?** Get into the installation queue now by ordering your VUMA-Fibre [NOW!](#)

Have a great weekend celebrating your heritage and this wonderful multi-cultural country that we live in.

Kind Regards

The VUMA Team
