

March 08 2017

Good day Woodrock residents,

This serves to confirm that your application has successfully been loaded onto the VUMA system for your in-home installation. Unfortunately, due to delays Woodmead Khyber Rock is not live yet. We will keep you updated and will let you know as soon as your area is live so that we can schedule you for your fibre installation.

We apologise for any inconvenience caused. We have flagged your installation and will deliver it to you as soon as your area is fibre-ready.

Should you have any further queries or concerns, please do not hesitate to contact us via email woodmeadkhyber@vumatel.co.za.

Thank you for your patience and understanding while we work to get you up and running.

Kind Regards,

The VUMA Team
