

SECURITY BULLETIN

During early Wednesday evening, an alert community member observed one bravo male jumping a wall along Westcliff Drive. He immediately called the 24/7 Security control room. We dispatched several units to the area and quickly apprehended the suspect in The Valley Road. Whilst the suspect was fleeing from our officers he threw away his firearm. As it was dark and we were not sure where the firearm was, we called on Cortac Security for assistance. They have a specialised explosive K9 unit. The dog located the firearm in conjunction with our officer and it was handed over to the SAPS. We believe the suspect has been linked to over 150 house robberies. Unfortunately the suspect was released by SAPS and is back on the run. Well done to the 24/7 Security officers involved in the arrest and to Cortac Security for their assistance and back up during the incident. Together we can fight crime and make a difference.

**REPORT ANY SUSPICIOUS ACTIVITY, PERSONS OR VEHICLES TO THE
CONTROL ROOM - 011 444 2237**
