

## LETTER FROM MAD PENNY - July 2017

Hi All

July Lesson

All Lessons are held at **Imvula Skills Centre, 22 Packard Street, Woodmead** on **Last Thursday @ 12h30**

Month	Day	Date	Time	Venue
July	Thursday	27	12h30	22 Packard Street, Woodmead

Our Topic: **"Who is Attacking You and What to Do"!**

It would seem to some that criminals appear to be winning the war, why because they keep coming up with more innovative ways of attacking the good citizens of South Africa.

Our country's crime stats are shouting *"Know better, know what to do to prevent crime, help the police with the crime challenge"*.

It is essential to keep abreast of their modus operandi.

I have collected some very interesting new approaches that must be shared.

Educated, empowered, and motivated domestics and gardeners are a major KEY to preventing the horrors we continue to endure.

Too many of our precious staff are being blamed for letting criminals into the properties in which they live and/or work.

It is such a shame, how can we blame them when they know no better, there is no excuse for this really!

We need to educate them, enlighten them and make them critically aware of who could be attacking under a disguise, what techniques are being used to get them to open the gates and doors and what to do and certainly what not to do!

Please make sure your staff attend this lesson and let's STOP and ELIMINATE crime through "Knowing Better"!

**Do NOT underestimate the essentially important part that enlightened domestics and gardeners can and do and have played in catching criminals.**

Sincerely thanks

Pens

**Penny Steyn**
